

HOW TO SORT WASTE

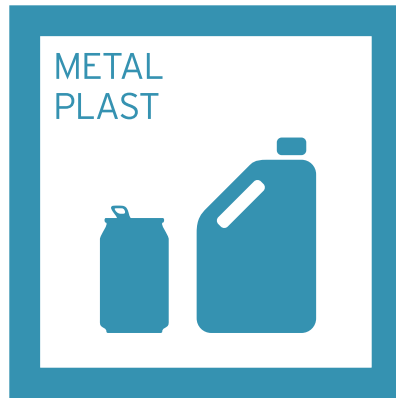

WASTE FOR RECYCLING MUST:

- ◆ Be placed loosely in the bin (without plastic bags)
- ◆ Be clean

If you need a lot of water, hot water or soap in order to clean the waste, you have to put it in the bin for household waste instead.

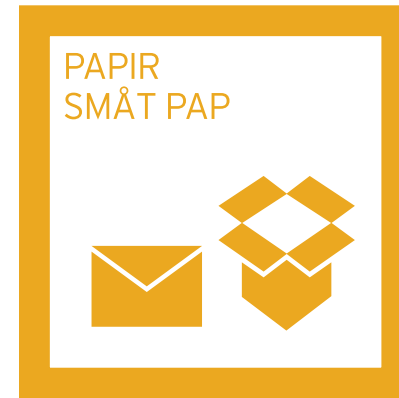

Please feel free to use some water from the dishes or left-over room in the dishwasher.

When in doubt, please put the waste in the bin for household waste.

PLASTIC AND METAL, e.g.:

- Plastic bags
- Plastic foil
- Bubble wrap
- Plastic bottles and -cans
- Plastic containers - for example from ice cream, grapes or eggs
- Tins
- Beer- and soda cans
- Tin foil
- Nails, pots and other types of small metals without a wire/battery

CARDBOARD AND PAPER, e.g.:

- Newspapers
- Weekly print magazines and advertising circulars
- Carton
- Books where spine is removed
- Envelopes
- Cardboard tubes
- Egg cartons

HOUSEHOLD WASTE FOR COMBUSTION, e.g.:

- Milk- and juice cartons
- Pizza boxes
- Diapers
- Chips- and coffee bags
- Polystyrene
- Cat litter
- Meat, fruit and vegetables
- Unwashed packaging
- Waste that you are in doubt about where else to put
